Sir,  
Research Collaboration

The Department of Chemistry, FUPRE Nigeria, has enjoyed working with your colleagues in the past and on that note wishes to extend collaboration to the entire staff and students of your college.

The physics department of your institution has done some works on nanotechnology and some of our staff and students are greatly working on that area of research. It will therefore be a great pleasure to link with your researchers and exchange robust ideas for the advancement of this nascent technology. The staff and students of your institution can also visit FUPRE Nigeria at any point in time.

Accept this as a memorandum of understanding for research collaboration between us.

Thank you.

Yours Faithfully,

Dr. Elias. Emeka Elemike

**Subject: Extension of Mutual Research Corporation Between our Departments**

Dear Dr. Kartik N. Shinde

I am very happy to inform you about an extension of our research collaboration. We already had published several papers in collaboration for example, "Shinde, K. N., et al. (2014), Photoluminescence properties of  $(\text{Sr}_{1-x}\text{Ca}_x)_{1-y}\text{ZrO}_3:\text{yEu}^{3+}$  phosphors for near-ultraviolet excited LEDs." and "Shinde, K. N., et al. (2014). "Impact of temperature on  $\text{Na}_2\text{Sr}(\text{PO}_4)\text{F}:\text{Eu}^{3+}$  phosphor." *Luminescence* 29(4): 352-356". Previously, I collaborated with an affiliation "Faculty of Nanotechnology and Advanced Materials Engineering, Sejong University, Seoul 143-747, South Korea".

Since I have now joined as a Post-doctoral Fellow in "School of Chemical engineering and Light industry, Guangdong University of Technology, Guangzhou 510006, China". I am very happy to inform you that our research collaboration can also be continued from my current affiliation too.

Looking forward to hearing from you.
